KILLASSER/CALLOW PARISH PASTORAL COUNCIL MISSION STATEMENT

*'We seek to become a more welcoming community where God's message of faith,
hope and love is experienced'*

FOLLOWING HIS FOOTSTEPS.

It's interesting to not how many sons or daughters follow their parent's political allegiances in Ireland. Not to mention those who take up the same professions as their father or mother. Is it instinctive, genetic or just chance? It's funny how the same dynamic doesn't seem to apply in the case of faith. Some of our children will practice, others will not. There are many saints born of atheists and many atheists born of saints. Yes, you have better housing, almost full employment, lower taxes, SSIA lolly, a vastly wider variety of food, the rising tide of property having raised all boats.

Still, the problem is not that the world isn't spiritually hungry, it's that the church has a tremendous lack of sold-out, unselfish Christians, committed to being a disciple for others. While people can be very willing to help out in practical parish projects, if you really want to get the back up of parishioners, all a priest has to do is to suggest anything that involves sharing their faith. The response can be in marked contrast to the Gospels' 72, more on the lines of; who am I to tell my neighbour what to believe? Not so? Well, just think of this; what we are afraid to do is a clear indicator of the next thing you need to do. What do you need to act upon?

(Fr. Tom Cox - Intercom - July 2007)

A KILLASSER/CALLOW PARISH FINANCE COMMITTEE MEETING was held in Killasser Community Centre on Monday night 30th April. It was suggested that since work at Callow Church had concluded for the present, that Killasser Church and grounds should be looked at again. It was suggested that an immediate priority would be to upgrade the tarmac around Killasser Church, which would include new tarmac, new kerbing and an extension of the tarmac area on the Estate side of the Church.

AN OPEN PUBLIC MEETING was held at Killasser Church on Monday evening 14th May. The purpose of the meeting was to look at the Church building inside and out and the church grounds with a view to drawing up a list of items that may need to be attended to. Having identified them, the next step is to put them in order of priority. **The following is a list that is not necessarily exhaustive or in order of priority: Tarmac and Kerbing around the Church / A low wall between the Church and Killasser Estate / Toilet upgrade / Swamp area in the Lawn on Community Centre side of Church / Painting of all Church Doors / Main Entrance Porch - Tile Floor, Put in Timber Ceiling, remove sliding doors and use original doors again / Re-design Porches at side doors of Church / Improve the Sanctuary Area of Church / New Furniture/Ceiling/Floor for Sacristy / Wall around perimeter of lower lawns near the road between Church grounds and Community Centre Car Park.**

THE SACRISTY IN KILLASSER CHURCH will be completely refurbished over the next week to ten days. New furniture is being made for the sacristy by Rory Conroy, Callow who did a beautiful job of the sacristy in Callow. Killasser will have the same design. A new ceiling will also have to be put into the sacristy and the heating will be improved.

THE TARMAC AT KILLASSER CHURCH is in a poor state and needs to be newly done. The kerbing will also have to be replaced. The tarmac area will also be extended on the Estate side of the Church. A price for this work will be available shortly as it was measured up during the past week.

THE PROPOSED IMPROVEMENTS AT KILLASSER CHURCH will not mean a new Fundraising initiative. It does mean asking you to continue to support the present fundraising campaign which is going very well and which is for both sides of the parish. Improvements always need to be carried out on grounds and buildings, especially buildings that are very old like churches. The improvements inside and outside of Killasser Church will be done on a phases basis.

FURTHER REFURBISHMENT OF THE PAROCHIAL HOUSE IN KILLASSER is being carried out over the past few weeks and will soon be complete. What is being done is necessary to bring it into the 21st Century. The day of one single plug (round) in one room is now over as is a Parish House without an office - the garage was converted into an office last year. Allowing any building to deteriorate is of no service to anyone. If it comes to a situation in the future when there may not be a resident priest in this parish, the house will be more valuable either to sell or use for Parish business. Being realistic and with present numbers of priests and their age profile, there will not be a resident priest in every parish indefinitely. We have had no ordination for the past four years. We have one student in Maynooth at present. If he is to continue, he will not be ordained for another four years. That is a big change from the situation where up to 2003 there was one priest ordained almost every year and some years more than one. That situation is unlikely to return. Of course what needs to be discussed and debated is the whole nature of priesthood and indeed ministry in general within the church. Unfortunately the institutional church does not want to hear of this. No debate, no change is their motto. Unfortunately the world is passing them by. The voice of the people on the ground needs to be heard and listened to.

THE OFFERTORY ENVELOPES FOR 2007 - 2008 have been distributed over the past few day. If you haven't received a box yet, it will be delivered during the coming week. You will also receive a letter and a Statement of Accounts for 2006. Sincere thanks to everyone who has contributed over the past year and in anticipation thanks for your continued support in the year ahead. The money from the Offertory Collection each week goes towards the general maintenance/running costs of Killasser and Callow Churches and the Parochial House.
