

## **KILLASSER/CALLOW PARISH CALENDAR**

The 2008 Killasser/Callow Parish Calendar will be officially launched at Kelly's Gateway Hotel, Swinford at 9 p.m. on Thursday 2 August.

The launch will be performed by Killasser native Bernie O'Hara, well known for his books on Killasser and County Mayo and all are welcome to this event.

The calendar containing picturesque views and historic scenes from around the parish as well as pictures of the parish townland name stones, has been designed and produced by a parish group working on behalf of the Killasser/Callow Parish Development Fund and is a very attractive publication. As it is a "one-off" production it is anticipated that it will be sought after as a souvenir and, indeed, may become a "collector's item".

It will also be an ideal gift for relatives and friends living outside the parish and abroad particularly at Christmas.

The calendar will be on sale at the launch and subsequently at the parish churches and at selected outlets around the Swinford area, and will also be on sale during this year's Siamsa Straide street festival. The calendar will also be obtainable from members of the parish group producing it. More details of where the calendar may be purchased will be available shortly.
