May 2007

Camphill Community Greenacres Forced to move

*Community lease not renewed by order of nuns
We need to raise € 500.000*

Dear Friends and Colleagues,

We are pleased to announce that we will be organising the 5th Annual Fundraising Night at the Leopardstown Racecourse. This year's event could not happen at a better time. With the recent developments within our community, the moving to new premises we will also have to tackle one of our main obstacles: To create workspace for our colleagues with special needs. Our new premises has a reasonable sized garden where we would like to establish an 'all year round' organic vegetable, fruit and seedling garden. This will be achieved by building a decent sized glass - green house. In addition, there is an urgent need to create additional craft making workshop space. The benefits are direct and straight forward:

Creating workspace for adults with special needs, where we can activate a therapeutic as well as life skill program, provide our (day in - day out) kitchen with organically grown vegetables

5th Annual Fundraising Night Leopardstown Racecourse 20th June 2007

We had many people asking how they can support us as a reaction to the previous newsletter, the sad news of the 'Greenacres' premises and the unavoidable need to move the whole community to new premises. We will keep you well informed on all these happenings and we will indicate when, where and how you can support.

Therefore this special edition newsletter: Very soon we will start with the booking of the 25 to 30 tables (tables of 10) for the very fine and well-tuned 5th Annual Fundraising Night at the Leopardstown Racecourse. This is an evening filled with style, superb viewing of live racing, an excellent and extensive Fork Supper, live music and entertainment..

A full programme with specific information is attached.

Meanwhile do not hesitate to contact us:
