Cork Orienteering Club would like to thank all those who travelled and supported our event yesterday. We would also like to thank all our officials for their efforts in mapping, planning, organising and running the event. We hope that you enjoyed your run in this nice forest and look forward to having you back in this area again. We hope to run an event here in the spring of next year.

We would like to apologise to those competitors whose runs were affected by the reversed codes on courses 2, 3 & 4. In the interest of fairness we have removed the 2 legs, i.e. to and from that control for the official results. This exercise showed no change in overall winners so congratulations to them.

CorkO are donating the income from the SI card rental and EOD entries to the GOAL "Pakistan Earthquake Appeal", a sum total of 203 Euro.

Check out the event photographs at :
