

The dates are indicative of the weekend they are to be played and not set as yet, the Leagues website is now correct for these age groups and fixtures will be updated weekly as you send them in, please go by this set of fixtures as this is the format going forward.

Please note that Monday @ 20:00 is the deadline for said times to be sent in by Clubs, times are no longer being changed after then, so ensure your manager and their team know their time and the fact that it is not changing to avoid their disappointment.

Any games correctly called off (two weeks notice) will be postponed until after the final game for that division/age, all other games called off by Clubs will be subject to a walkover decision, "replacement" games when teams are "idle" as too often requested again by managers and then forwarded to the League upset the entire equilibrium for future rounds and are no longer an option as it merely leaves teams "idle" at a different time in the season, so of no advantage whatsoever.
